CONGREGATIONAL CHURCH

Although the weather was unusually hot last Sunday, the church was very comfortable. The attendance at all services was large.

The illustrated lecture on the "Cathedrals of Europe" by Dr. Kenngott was greatly enjoyed by an audience that filled the house. The views were some of the finest shown in Glendale. Dr. Kenngott's lecture was edifying and spiritual.

At the morning service Dr. Willisford, speaking on "What the Atonement Means to Me," said in part:

"The atonement is that which brings man back to God. It is that which saves man from sin. It is that which restores, remakes, regenerates man. The atonement is not that which reconciles an angry God to a wayward and sinful man, but that which reconciles a wayward, willful, sinful man to a kind, merciful and loving Father, who 'so loved the world that he gave his only begotten son that whosoever believeth on him should not perish, but have eternal life."

9:45 a. m.—Sunday school assembles Special temperance program. Let the attendance be large.

11:00 a. m.—The pastor speaks. Topic, "Some Moral Issues of the Election."

6:30 p. m.—C. E. meets. An interesting meeting arranged.

7:30 p. m.—The meeting of unusual important. Topic, "The Last Shot Before Victory." The pastor would like to see every seat filled.

Music for the day: Morning anthem, "Crown Him," by Sweeney; evening anthem, "The Sinner and the Song," by Thompson.

CHRISTIAN SCIENCE

First Church of Christ, Scientist, holds services in the Masonic Temple Sunday morning at 11 o'clock. Subject Sunday morning, October 25, "Everlasting Punishment." Sunday school at 9:30 o'clock a. m. Wednesday evening at 8. Reading room, 415½ Brand boulevard. Open daily except Sunday and holidays from 12 M. to 4 P. M.

FIRST M. E. CHURCH

Corner Third street and Dayton court. Bede A. Johnson, pastor.

California Dry Day.

9:40—Bible school. Thomas W. Watson, superintendent. The Young Campaigners will sing and a short temperance program before the study of the lesson.

11:00—Morning worship. Anthem, "Let Us Have Peace," Rosenberg. Sermon, "What God Expects of Us."

6:30—Epworth League rally. Subject, "California Dry." Leaders, first and third vice-presidents. Every young person in the church ought to be there.

7:30—Evening worship. Special music. Anthem, "Lest We Forget," Kipling. Ladies' quartette, "Ave Maria," Abt. "We Will Make California Dry," by the congregation. Solo, "Californians" (Ellen Beach Yaw), by Mrs. Cammack. Address, "The Last Shot Before Victory." This is the common topic of each minister in the city. Let every church member and citizen be in these services and get information, inspiration and enthusiasm for the parade and mass meeting on Monday and to fit them for the battle of ballots on Monday.

CUNNINGHAMS AGAIN AT BAPTIST CHURCH

California "dry" will be the order of the day at the First Baptist church tomorrow. Special features at both services. Mr. and Mrs. Cunningham will again delight the lovers of high-class music. It is expected that Glendale will appreciate these two artists sufficient to make it possible to secure their services for the season.

Pastor Troy's morning theme will be "Christ or King Alcohol." Rev. Troy has received many invitations to talk on the liquor question and has been a fighter in the cause of temperance for years. "The Last Shot Before Victory" is the Sunday evening theme.

Growing Sunday school under the leadership of Mr. Roy Kent.

B. Y. P. U. Sunday evening, 6:30. Communion at the morning service.

WEST GLENDALE M. E. CHURCH

WE WANT MUHLEMAN

GLENDALE CANDIDATE IS CLEAN AND CAPABLE, THE MAN COMMUNITY NEEDS

Dear News: Some persons who are supposed to be, or should be, friends of Frank L. Muhleman, are seeking to injure his candidacy by circulating the report that he is making very little effort to secure the position and has no chance of election. I have been inquiring into both of these tenets and find that both are untrue.

Mr. Muhleman, it is true, did not push himself into this campaign because he is not that sort of a man, but he has visited all the important points in the district, spoken in most of them, and from now till election day expects to spend all the time which his limited campaign fund will allow, in working and speaking in the most congested sections. His announcement and picture has appeared in every issue of the Glendale papers as well as in those of the other portions of the district, and his cards are well placed everywhere.

As to his chances for election, they

seem to be excellent. The vote will be so divided among the four candidates, and Glendale is such a strong factor in the vote of the district, that if the friends of Mr. Muhleman will rally to him and give him the support he should have in his home town, he will have little trouble in winning. The reports he receives from the other precincts are all of a most encouraging nature.

To all who know Frank Muhleman **not a word is necessary. To any** who are not so fortunate, he is clean, capable, dignified, a thoroughly competent attorney, a student of local and national political problems; one of the best city attorneys Glendale ever had; chairman of the committee on charter; stands for a "dry" California; will support the policies of the national administration, which no man today can deny are for the best interests of the country, and has every requisite for the office, which some of his opponents, to say the least, have not.

When we have a chance to elect such a representative as Frank L. Muhleman, let us not be "asleep at the switch," but let us work and vote for him.

If there ever was a case where "the office should seek the man," this is it. Mr. Muhleman has not boosted himself into this candidacy, but now that he is into it, he wants to win. And Glendale wants him to win. So boost him, work for him.

FOUR BIG CONVENTIONS

Four big conventions, all scheduled for the same days, will furnish interesting material for the fruit growers, nurserymen and practical business men and women of Southern California. The conventions will commence Nov. 9 and continue to Nov. 14. Included are the following: The forty-fifth state fruit growers' convention, the second annual assembly of the university's Riverside experiment station, state convention of county horticultural commissioners, and the woman's department of the state fruit growers' convention.

This is the first time the "big fellows" have been corraled in Los Angeles, and southern fruit men hope to make the occasion a memorable one. There will be speakers from the University of California, United States department of agriculture, the Riverside experiment station, state and county horticultural commission staff, as well as many workers in the varied lines of fruit growing. Stereopticon lectures, demonstrations and experimental work will furnish fascinating programs for those interested in any branch of the state's great horticultural industries.

Mr. W. R. Middleworth of 120 West Fifth street received word this morning from New York informing him of his brother's wife's death, Mrs. Henry Middleworth.

PITHY PARAGRAPHS

CONTRIBUTOR'S SPICY REMARKS ON IMPORTANT QUESTIONS OF TODAY

(By Samuel Parker)

A correspondent writing to a city contemporary in a dotarous vein at the political mix-up of parties and propositions, manifested "great pain." The patent medicine advertisement immediately below his letter, promising "instant relief," was very suggestive.

The national Republican committee, at its December meeting, passed a by-law indorsing the direct primary for the election of delegates to the next Republican national convention for all districts. It also indorsed the election of United States senators by direct vote, and that is the way it will be done in California next Tuesday, and many other states of the Union, and yet alleged Republican newspapers vehemently denounce the direct primary and demand its repeal. As these measures are the law laid down by the lawmaking power of the party (the national committee), are not such editors and organs in open rebellion and actual "bolters" to the orders of the men higher up and doing precisely what the Progressives did at the Chicago convention?

The tribe Ananias did not pass out with the tragic going of the father. He must have had a numerous progeny, mostly sons, who have marked the passing years by indisputable evidence of having inherited their unlamented father's failing. A host of them got busy in this campaign and especially on the "wet" side thereof, where if falsehoods about poor Kansas and the poor grape growers, to be beggared by the "drys," were carried in ships of medium size, they would bridge the Pacific.

What meaneth this dreadful noise and din—"keep the rascals out, don't let them in?" What meaneth this other din and shout—"the rascals are in, let's turn them out?" So whether you're "in" or whether you're "out," just join in the din and share in the shout. No matter on which side the line you bellow, the rascal is always the "other fellow."

"The fact is," said one orator during the week, "the Democrats control the House and we Republicans sit there like bumps on a log." Later on he said: "It's no use to send a Progressive or Prohibitionist to congress, as they would have no influence having no party back of them." Well, couldn't you make room for them as bumps on the Republican log?

There came a noise of thundering sound—the woman, where was she? Not much in evidence of any of the parties that prance and parade on the show-end of politics. Not a woman on the state ticket of any party and the great big south-end county only shows the name of one lone woman, and though her name ornaments the Socialist ticket, I'm quite inclined to vote for her.

"Bring the colors back to the regiment," shouted the orderly. "Bring the regiment up to the colors," shouted the color-bearer. The progressive measures over which the party split at the Chicago convention have been adopted by the national Republican committee and yet the regulars continue to growl. Move up to the colors!

Gov. Johnson has been severely censured (if the Times, opposition, may be called severe) for letting out and keeping in some certain boarders at the state prison, when the facts are that the board of pardons by a majority are appointees of the former governor. This shows that Gov. Johnson did not clean out every place and fill up with one of his henchmen as charged.

A candidate for Washington lays all calamities from a stone bruise to a short crop on President Wilson, and all state candidates for anything charges it up to Johnson. Now if all the ills prophecied—if the state goes dry—should ensue, what a howl would arise. Listen for it.

Russia by order of the Czar has banished alcohol from his realm for all time. Liquors are banished from the navies of the world and the battles by land are fought by sober men. The business of the world is fast passing into sober hands and the survival of the fittest runs a merciless line between the wet and dry ranks for business purposes.

And now a calamity howl arises from the hotel-keepers of the state, who insist they will have to quit business if the state goes dry. Alas, alas, how much of our prosperity depends

RE-ROUTE BURB'NK LINE

NORTH GLENDALE PEOPLE ARE INTERESTED IN COURSE OF ELECTRIC ROAD

There was a very significant meeting at Pepper Tree Inn Friday evening when citizens of North Glendale gathered to discuss the question of the re-routing of the Burbank Pacific Electric road.

Conditions at the wash are such that it has been necessary for the company to change the course of the road. The bridge across the wash has been condemned and this portion of the line has proved a continual source of expense to the company.

N. C. Kelley explained the object of the meeting and O. C. Logan was elected chairman.

City Manager Thomas W. Watson of Glendale addressed the meeting from the standpoint of one having knowledge of conditions, and while he did not represent the P. E. company, he had talked with some of the officials and could talk intelligently from every viewpoint.

Property owners on Stocker street were present and expressed their desire to meet the P. E. company on reasonable terms should they decide to continue the road along that street.

It seemed the desire of the people present that the company should be encouraged to go further north with the road, thus serving a greater number of people and mutually benefitting both the company and the community.

A committee of seven were appointed to communicate with President Paul Shoup or other officials of the P. E.

JUDGE GAVIN W. CRAIG IS HIGHLY COMPLIMENTED

In the November number of the American Law School Review, published in St. Paul, Minn., Editor A. F. Mason, the best known authority on law schools and all that pertains to them, in the United States, says with reference to Judge Craig:

"At the primaries in August, Judge Craig led all other candidates by some thousands of votes. Judge Craig's long experience in law school teaching, together with a recognized learning in the law, makes him especially well equipped for the position of justice of a court of last resort. Judge Craig's many friends and admirers throughout the law schools of the country will be gratified to learn that the indications are very favorable for his election in November."

As to Reversals

The committee advocating the election of Judge Craig's opponent has issued a statement relative to reversals.

The figures on this question may be juggled in a half dozen ways. By way of illustration, we make the following statement:

Judge Conrey has been reversed by the appellate court in all 44 times. Judge Craig has been reversed 13 times.

The last advance sheets of the supreme court contain two reversals for Judge Conrey and no affirmances.

The records show a period during the incumbency of Judge Craig's opponent, to-wit: From October 3rd, 1906, to May, 1912, in which he was reversed 14 times and affirmed 16 times.

We might go on with many illustrations of this kind. We claim no advantage by reason of odious comparisons in this regard.

The fact is that the number of reversals (as any candid attorney will admit) is not a criterion of a judge's ability to try cases, much less to write decisions on appeal.

Judge Craig has entered final decision in more than 1000 cases; of these 13 have been reversed.

The need in appellate courts today is broad-minded men of the people who do not regard trivial technicality as a mountain of error:

Who have not yet had the human element eliminated from their make-ups;

Who have not become so subservient to precedent as to have no originality left.

Fully one-half of the attorneys practicing in Los Angeles county have been Judge Craig's law students.

Why did he receive 5170 more votes than his opponent at the primary election just held? Because the voters were not mistaken. They knew that for EFFICIENCY he is best qualified. Advertisement.

ATTEND PARTY IN LOS ANGELES

Mr. and Mrs. George Bridges of 1446 West Broadway, in company with Miss Mary Schlader of Glendale and Mr. L. Davidson Bresee of Los Angeles, were guests at a Hallowe'en party in the home of Mr. and Mrs. A. E. Schwartz of Los Angeles.

BRILLIANT ASSEMBLY

FIRST ANNUAL KNIGHTS TEMPLAR BALL MEMORABLE SOCIAL AFFAIR

The first annual Knight Templars' ball was given Friday evening in the Masonic temple and was perhaps the most brilliant affair of the season.

The ball-room was hung in festoons of the chapter colors, black and white. The only flowers used were large, shaggy, white chrysanthemums. On the stage large baskets and vases held these Oriental favorites and were placed upon a mat of ferns, while a huge shower adorned the table of the reception-room.

The grand march was most impressive, as the Knights in full dress uniform took their places. Leading were Eminent Sir Herbert D. Lore, eminent commander, and Mrs. Lore, followed by Sir Edward K. Daniels, generalissimo, and wife; Sir Mattison B. Jones, captain general, and wife; Sir Clement L. V. Moore, senior warden, and wife; Sir Charles L. Peckham, junior warden, and wife; so on down through the officers' ranks. Sir C. Irving Mills, prelate; Sir Daniel Campbell, treasurer; Sir David G. Crofton, Jr., recorder; Sir Thomas D. Ogg, standard bearer; Sir Delos H. Smith, sword bearer; Sir Percy J. Priaulx, warder, and Sir Charles H. Ravenscroft, sentinel.

Miss Frances Peckham, a near debutante, had the pleasure of seeing two grandparents in the grand march, Mr. and Mrs. C. V. Peckham, of Los Angeles, her father's parents, and Mr. and Mrs. Chandler of Tropico, Mrs. Peckham's parents.

Card tables were arranged in the upstairs rooms and were well patronized.

Receiving were Mesdames Charles L. Peckham, Clement L. V. Moore, Herbert D. Lore, Delos H. Smith, Mattison B. Jones, David G. Crofton, Jr., Claude O. Pulliam, Miss George Duffett and Sir Knights Mattison B. Jones, Percy J. Priaulx, David G. Crofton, Jr., Clement L. V. Moore and William T. Sprowls.

Floor committee — Sir Knights George Duffet, Charles H. Ravenscroft.

Sir Knight Claude O. Pulliam had charge of the card rooms and Sir Knight Delos H. Smith that of refreshments.

REBEKAHS AND ODD FELLOWS MAKE MERRY

Members of the Rebekah and Odd Fellow lodges, together with their friends, celebrated Hallowe'en with a dancing party on Friday evening in the I. O. O. F. hall, corner of Third and Isabel streets.

Garlands of yellow crepe paper, cats, bats, owls, witches, corn and pumpkins formed a very clever decoration for the large hall.

Many were the costumes worn, both fancy or comic, fitting the occasion. The grand march, led by a pumpkin girl and grotesque man, opened the amusements of the evening. The old square dances and Virginia reel were quite as much enjoyed as the more modern two-step and waltz.

At a late hour refreshments were served, after which a tired but happy crowd wended their ways homeward.

Mr. and Mrs. Alcorn and two daughters of Los Angeles will be over-night guests at the home of Mr. and Mrs. W. Gorman, North Central avenue, Tropico.

HARRY A. WISHARD

Harry A. Wishard, well known to many of us, who is a candidate for the assembly in the sixty-first district, is receiving great support from all parties.

Mr. Wishard is known to be a man tied to no ring, and his urging the voters of the sixty-first district to organize a non-partisan assembly of voters to hold the representative responsible to the district, rather than to a few men, is meeting with great approval.

Mr. Wishard is an attorney, a former Iowan, born in Kansas. Commissioner for Iowa and president of Davis county Iowa society. He was a representative at the presidential inauguration in 1905. The endorsement he most highly prizes is that every man and every woman within a radius of four blocks of his former home endorses his candidacy, and every man and woman with the exception of one, who had previously pledged his support to another, have pledged him their vote.

Wishard is a young man of strong convictions and able to present his ideas to the people in a very forceful manner. He stands for a moral and humanitarian administration and will undoubtedly be elected with a large majority for the strong, clean fight he has put up.

FREDERICKS HERE

REPUBLICAN CANDIDATE ADDRESSES LARGE CROWD OF SUPPORTERS

Captain John D. Fredericks, Republican candidate for governor of California, was greeted by a large crowd of enthusiastic supporters who paraded down Broadway in appropriately lettered autos early this afternoon to meet their candidate.

Captain Fredericks held the attention of a large audience as he spoke earnestly on the issues of the present campaign. The meeting was held at the corner of Brand and Broadway.

Captain Fredericks was introduced by John Robert White, Jr.

AFTERNOON AT CARDS

Miss Elizabeth Woodward of 961 Elden avenue, Los Angeles, entertained guests at her home in honor of Miss Katherine Wells, whose marriage to Dr. J. L. Flint takes place in St. Mark's Episcopal church on Wednesday evening, Nov. 4.

Each guest bidden was requested to place her favorite recipe in a beautifully bound book, which at the close of the afternoon was presented to the honored guest.

Miss Woodward chose pink roses and foliage as decorations about the rooms, where auction bridge was enjoyed and the same beautiful flowers adorned the score cards.

ELECTION NEXT TUESDAY

Probably never in the history of California, nor in the history of any state in the United States, have the voters had placed upon them the duty of voting for and against so many amendments. This really should not be considered a duty, but a rare privilege. There should be no fairer way to decide upon these questions placed upon the ballot than by a direct vote by the people. May we be sufficiently intelligent to use our right of franchise just as we intend to use it.

BIRTHDAYS CELEBRATED

Mr. T. W. Preston and Mr. M. P. Harrison shared birthday honors on Friday evening when Mrs. Preston of 725 Adams street surprised them with a real party.

Mr. and Mrs. Harrison were bidden to the Preston home for dinner and during the after-dinner chat guests making themselves known were Dr. and Mrs. H. R. Boyer, Rev. and Mrs. W. E. Edmonds, Mr. and Mrs. W. S. Carmichael, Mr. and Mrs. Harry Howe, Mr. and Mrs. Geo. Lemon, Mr. and Mrs. J. W. Stauffacher, Mr. and Mrs. C. E. Boss, Mr. and Mrs. W. E. Michelson, Mr. and Mrs. W. F. Perrin, Mr. and Mrs. J. Clendenin, Mr. and Mrs. A. E. Hennon, Mr. and Mrs. Adams, Mr. and Mrs. W. F. Harrison and Mr. Fielding.

Yellow and white chrysanthemums adorned the rooms where an evening of music and conversation was spent.

Mrs. Preston was assisted by Mrs. M. P. Harrison and daughter, Miss Jeanette, in serving the dainty buffet supper.

WITCHES REIGN

The attractive home of Mr. and Mrs. H. W. Yarick at 1447 West Third street was thrown open to friends on Friday evening, when they entertained in true Hallowe'en style, being assisted by a real witch, who disclosed the guests' past, present and future in a dimly lighted room made quite "spooky" with bobbing witches, lighted jack o' lanterns, owls, bats and stacks of corn.

The evening was spent in all sorts of games of fortune.

Before supper each gentleman was presented with a doughnut and requested to eat thereof. Hidden in the center of each was his supper partner's name.

In the dining-room long tables were laid, each centered with a huge pumpkin bowl filled with yellow chrysanthemums, while strands of yellow crepe, mounted by flying witches, bats and owls, formed the other decorations of this room.

Besides the host and hostess, covers were placed for Mr. and Mrs. Blake Franklin, Mr. and Mrs. C. N. Van Dyke, Mr. and Mrs. W. H. Vandenburg, Mr. and Mrs. C. E. Fisher, Mr. and Mrs. V. E. Skiles, Dr. and Mrs. H. V. Everly, Rev. and Mrs. E. H. Willisford, Mr. and Mrs. E. Murman, Mr. and Mrs. C. W. Houghton, Mrs. M. G. Jackson, Miss Frances Jackson, Mr. Roy Morrow of Glendale and Miss Dorothy Wilkinson, Mr. E. H. Campner and Mr. Fred Carpenter of Los Angeles.

Mrs. Louise Blackman, mother of Mrs. Harry L. Howe, 1546 Burchett street, is expected home today after an extended visit in the East.

AMENDMENTS 19 AND 21 ARE DANGEROUS

Vote "no" on amendments 19 and 21, which are not city and county consolidation amendments, but authorize cities and adjacent taxable areas to secede and withdraw support from counties.

When in doubt, vote "no." Amendments 19 and 21 are not only doubtful, but dangerous. They make it possible for certain big cities to dominate the legislature.

County division, facilitated by amendments 19 and 21, means duplication of offices, more spoils for politicians, multiplication of tax-eaters and fights for county seats.

Under amendments 19 and 21 cities or unincorporated territory annexed, may be committed to consolidation, but the annexing city can delay forming a charter for two years, leaving uncertainty as to the form of the new government.

Annexation amendments 19 and 21 change the fundamental law of the state, so that the city annexed may be made subject to bonded indebtedness, upon a simple majority vote, instead of by two-thirds now required. This is extremely dangerous to the taxpayer, and the existing safeguards should be maintained.

Under pretext of economy, amendments 19 and 21 were framed by certain politicians in the big cities in order to shoulder some of their debts on the country districts. Vote "no" on both.

Both annexation amendments 19 and 21 permit the coercion of county districts, for unincorporated territory has no separate vote on whether or not it shall be included in a consolidated city and county. This means additional taxation without representation.

Vote against amendments 19 and 21 and retain reasonable representation for the agricultural, mining, fruit growing and stock raising areas in the state.

Amendments 19 and 21 were framed without consideration for any but the three largest cities of the State. They are unfair, unjust and un-American, and should be repudiated by all who wish the laws of the state to be based on justice and equity and not to serve special and private interests.

Amendments 19 and 21 involve issues rejected by the legislature and repudiated by the voters at the election of 1912 by 106,000 majority. Do not let them slip by this time.

Shall We Elect Phelan or Knowland to Represent California in the United States Senate?

President Wilson

James D. Phelan

WHAT JAMES D. PHELAN SAID OF WOODROW WILSON—

James D. Phelan says that Woodrow Wilson sits in the White House on guard, an ideal public servant, caring for the interests of what he calls the "voiceless body of the people."

From a speech delivered by James D. Phelan at San Rafael, September, 1914.

WHAT THE PRESIDENT SAID OF JAMES D. PHELAN—

President Wilson says: "I was most gratified to hear of the nomination of James D. Phelan for United States Senator. He has been in close touch with the Administration at Washington, and has heartily supported the policies which have been inaugurated for the benefit of the people, policies, which I am pleased to be informed, have met with very general approval."

From a letter written September 11, 1914, by President Wilson.

WHAT JOSEPH R. KNOWLAND SAID OF PRESIDENT WILSON—

Knowland charged the President of the United States, Woodrow Wilson, with secretly meeting emissaries of England on holidays and Sundays and implying that a trade with England was consummated which betrayed the best interests of the people of the United States.

Speech of Jos. R. Knowland in House of Representatives, March 28, 1914.

WHAT THE PRESIDENT SAID OF JOSEPH R. KNOWLAND—

President Wilson said that the speech of Knowland was "just the crowning insult of a number of insults which had been introduced in that debate."

Press interview at Washington, March 30, 1914.

Which Man Can Best Serve You in Washington?

GOOD SERVICE AND JUST COMPENSATION

The law of compensation is based upon the divine law of justice and it cannot, therefore, be deviated from with impunity. In a well-ordered state compensation is a rule that governs all business transactions. Common law and statutory law alike hold tenaciously to the doctrine of equitable exchange. The Scriptures tell us that the laborer is worthy of his hire. Morally we have no right to demand something for nothing. Whatever departures from the Golden Rule may be temporarily suffered in individual cases because of popular ignorance or disregard of ethics, organized society should grant them no toleration. The community that exacts from a corporation more than it is entitled to not only descends to the level of the dishonest individual bargainer, but does far more harm than he by force of example.

A railway, a traction, a telegraph, a telephone company may be subject under its charter or its franchise to public dictation, but the public has no more right to misuse its power in such an instance than has the individual employer to impose unjust tasks or conditions on his employee. What a community or a state might do is not always the thing it ought to do in the exercise of its authority. The community or the state may confer valuable concessions; it has an unquestionable right to demand full compensation for them; neither justice nor wisdom will be on its side if it exact more.

There has come to be heard a great deal of talk not only about low rates for this or that accommodation, but about no rates. The federal government, the state government, the municipal government, is asked to do things for the public that a self respecting public will always do for itself. Every form of plea is being put forward with the purpose of obtaining largess instead of wage.

That political and social organization only is wholesome which is supported by self-respecting individuality. The good citizen will not ask for accommodation at 2 cents a mile when he knows he ought to pay 2½ cents; he will not demand for 3 cents a trolley ride that he is aware the company cannot afford to give him for less than 5 cents. He will willingly pay the 2 or the 5 cents and then insist, and be in a position to insist, on the worth of his money. He wants efficient service at a fair price rather than unsatisfactory service at any price. He demands a square deal for himself and he is willing that a square deal shall be given others.

There are today too many cheap and too many free things in the world for the good of those who inhabit it. What is needed is not bargains, free gifts or patronage, but honest remuneration for every rendered service.

How would you like to have elections less often?

REASONABLE SUGGESTION

There is a disposition on the part of the state to pass lightly over the list of amendments to be voted on at the coming election, but there is one to which we wish to draw particular attention because Alameda county, the only county involved, is appealing to the men and women voters of California to vote "yes" to enable that county to keep its pledge.

In January, 1911, Alameda county represented in a telegram by the Oakland chamber of commerce to congress, authorized its congressman to state on the floor of the House Alameda's willingness to subscribe one million dollars in cash to the exposition in San Francisco. It requires an enabling act to do this, and amendment No. 17 is a measure to obtain for Alameda county citizens the privilege which they ask for.

It is only a question of right for this newspaper to present the facts to its readers with the added assurance that the passage of this amendment will not entail upon any citizen outside of Alameda county the payment of one cent of taxes or otherwise.

Vote "yes" on amendment No. 17 and permit Alameda county to keep her pledge.

ARREST CAMPER

The mountains back of Santa Ana have been watched so carefully this season that quite a number of campers have been called upon to pay fines for leaving their fires burning.

There are still a few vacant lots on which weeds reign supreme. In some cases it would pay anyone to cut them down and use them as fire wood.

NOTES AND QUOTES

By Dr. E. H. Willisford

Next week it will all be over. The successful candidate will tell how he did it. The defeated fellow will be able to explain very satisfactorily—to himself at least—why he did not get elected. The "also ran" class will be unusually large this year.

—

Congress has adjourned and the country is much relieved. The government is safe and President Wilson is happy.

—

One husband and father says, on the q. t., that he will be "awful glad after next Tuesday." Why? Because his wife is away so much learning how to vote and telling other people how to cast their ballots.

—

What's the matter with Pittsburg? The Pittsburg board of trade has passed, without a single dissenting vote, this resolution:

Resolved, that this organization place itself on record as favorable to the passage of the bill now before congress submitting the question of national prohibition to the several state legislatures, that the question may be settled in harmony with the will of the people.

—

Just because the people of California demand that they be given the opportunity to say whether the state shall be dry or wet, what a noise the liquor folks are making.

—

Make it unanimous. Why not? Why not the voters of Glendale go to the polls on Tuesday, November 3, and vote "yes" on amendment No. 2 and make California "dry?" Let's make it unanimous.

—

Glendale without saloons should be a big brother and help, by her vote, the places where the liquor interests have some power.

—

The Philadelphia Quartz company of Chester, Pa., has offered an increase of 10 per cent in wages to every employee who would promise not to use strong drink, the managers declaring that they expect to be more than repaid for the additional wages by the improved service they will gain from sober workmen. Nearly every employee, it is said, signed the pledge after the offer was made. Who says that temperance does not pay? Who say that the laboring man still demands the saloon?

Glendale growing? Sure! Four business blocks are under course of construction—$100,000 worth of improvements going on in building line at the present time.

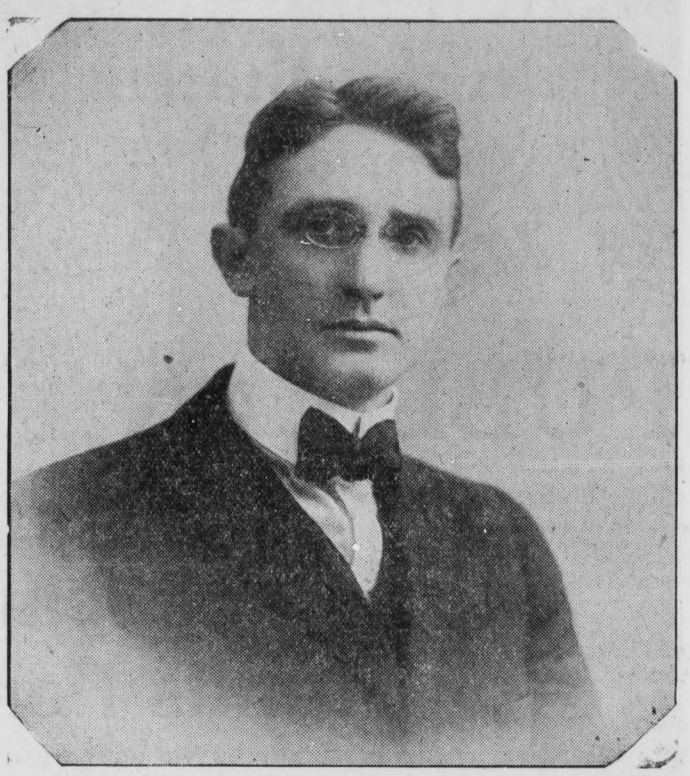
WHY CONTINUE to allow professional politicians to make your laws?



A Lawyer (civil and commercial) who believes that law is **Not** "Good For What Ails You."

WE HAVE

5,000 octavo pages of new state laws, promulgated since 1910 by alleged disciples of Progress.

26,000 ordinances in Progressive Los Angeles.

(???) ordinances regulating everyone and everything from rooster crowing to rabbit keeping in Pasadena.

RESULTS?

Are the Taxes lower?
Are water rates lower?
Are we better governed?
Are our laws respected?
Are our courts revered?

RUPERT B. TURNBULL

Attorney-at-Law
FOR

STATE SENATOR

36th SENATORIAL DISTRICT

Turnbull Says—

"I desire to be a member of the next California State Legislature to aid in curtailing the mania for regulating ALL human conduct by law. I believe in the old maxim that 'who is governed least is governed best,' and that we should have less laws and more enforcement. This business of having every legislature adding a five-inch volume to the legal literature of the State has made practicing law almost taking money under false pretenses. The Courts are over-worked interpreting senseless regulations; the Supreme Court of California alone being 400 cases—or two years—behind its calendar.

"We bid fair to be cursed by petty law, as is Germany and some of the other nations of the Continent, unless this craze for creating new commissions (with salaries); new Boards (with salaries and expenses) ad infinitum, is promptly stopped. To comment upon the effect on taxes would be only to cruelly remind the taxpayer of his present misfortunes.

"LESS LEGISLATION means LESS GOVERNMENTAL MACHINERY and LESS TAXATION.

"If I go to the next Legislature, I am going as an obstructionist, in this: To endeavor to make the job of the State Printer a sinecure."

EDUCATED at YALE UNIVERSITY in the history of LAW, and the theory of government, and
TRAINED by experience as an advisor of business men and a counsellor to unfortunate victims of our complex civilization, he knows the need of the people of California is for more SIMPLE JUSTICE and NOT MORE COMPLICATED STATUTES.

WHY BILL IS BAD

Here are a few of the things the proposed universal eight-hour law would do if adopted by the voters at the election next Tuesday:

Tie up shipping.

Delay the operation of trains and all means of transportation.

Retard seeding and planting.

Place a limit on the earning capacity of every wage-earner in the state.

Prohibit over-time and opportunity to increase earnings.

Increase the cost of production, which the consumer must pay.

Limit peace work, the reward of the employee for efficiency.

Oblige a teamster on a long haul to make a sixteen-hour layover.

Effect all labor, including nurses, hospital attendants, newspaper men, professors and professional men.

Result in fixing wages on an hourly basis, thus decreasing the worker's daily pay. He would have to meet the increased cost of living, however.

Make a criminal of the farmer unless he defies the weather, for if he is idle today and works his men overtime tomorrow to catch up, he stands a chance of being sent to jail.

Reduce wages. In industries requiring ten hours of operation daily the employer will split shifts, giving each five hours' work and five hours' pay.

Reduce profits and reduce jobs.

Encourage Hindu and Oriental labor, which would replace the voter who votes for this measure.

NOTICE OF AWARD OF CONTRACT

Pursuant to Statute and to Resolution of Award of the Board of Trustees of the City of Glendale, California, adopted the 29th day of October, 1914, directing this notice, notice is hereby given that the said Board of Trustees, in open session, on the 26th day of October, 1914, opened, examined and publicly declared all sealed proposals offered for the following improvement, to-wit:

The work on a portion of Opechee Way and Verdugo Wash described in Resolution of Intention Number 739, to which said Resolution reference is hereby made for a description of said work.

The district to be assessed for the expenses of said work is described in Resolution of Intention Number 739, reference to which is hereby made.

The Board of Trustees of the City of Glendale determines that serial bonds shall be issued to represent assessments of twenty-five dollars ($25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second day of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvements within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto and amendatory thereof.

And thereafter, to-wit: On the 29th day of October, 1914, awarded the contract for said work to the lowest regular responsible bidder, to-wit: To Mesmer and Rice, at the prices named for said work in their proposal on file for said work, towit:

Reinforced Concrete Bridge and Appurtenances, completely installed, $10,600.00.

Grading and Construction of Channel, together with Pile Protection, completely installed, $8,238.00.

And that said award has been approved by the President of the Board of Trustees of said City of Glendale.

Clerk's Office, City of Glendale, California, 29th October, 1914.

J. C. SHERER,
City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Glendale, California.

on booze. Don't nobody use a hotel but boozers? This outcry is an insult to the great bulk of traveling people who shun rather than seek a bar.

Have at you, there, my Baker P., whose other name I think is L.,. Well, to the point shall be my song, the church to which you both belong, has swept in on the rising tide, for prohibition nation-wide. (The Episcopal church so declared unanimously.)

Among the inevitable accompaniments of a vigorous battle of the ballots is the unexorable result that somebody wins and somebody loses. Ordinarily both parties survive and recover. Possibly the bitterest pill for the defeated to swallow is—and you're sure to meet him wherever you go—the great wiseacre, "I told you so."

While not disposed to dispise the day of small things, nor exalt to an unusual degree the whoop la end of things, it is only fidelity to truth to say that while the inspiration of large numbers were much in evidence at some gatherings during the week, they were woefully absent in some others. Charitably inclined of other political folds, kindly spliced out.

JUDGE CRAIG HIGHLY COMMENDED

Attorney Litta Belle Hibben, speaking to the Woman's Million club of Los Angeles concerning Judge Gavin W. Craig, said:

The last and principal reason why I am voting for Judge Gavin W. Craig for the district court of appeal is because he does not drink or smoke. I do not deprive men of the pleasure of my company because they smoke, neither do I excommunicate myself from society because so many men drink. But I do demand of my surgeon that his hand shall be steady and of my judge that his brain shall be clear.

You may smile if you will, ladies, but I have studied psychology and I know I speak the truth when I say that a man does not get back his normal reaction time for a day after he takes his cocktail; he does not know red from blue, nor green from yellow quite so readily as he did the day before. I am not so sure that he knows right from wrong; sometimes there is only a shade of difference between them.

I want the judge to be sober. I repeat it, ladies, I want him to be sober when he sentences my brother or guards the virtue of my sister. The Bible means something when it says "Blessed is that country whose judges eat for strength and not for drunkenness."

Shakespeare says "To thine own self be true, and it must follow as the night the day, thou canst not then be false to any man."

A judge who has so much self-respect is sure to respect the litigants and attorneys who appear before him. "Well done, good and faithful servant," looks as well on the ballot as it does on a tombstone.

LETTER OF APPRECIATION

Altoona, Pa., Oct. 8, 1914.

Glendale Local 416:

Kind Sirs: It affords me great pleasure to inform you of my appreciation for the kindness and sincere concernment you have shown during the illness and death of my beloved husband.

Were he here to tell anything, he could say I had been antagonistic against unions and insurance and except for his perseverance along these lines I would have been thrown on the mercy of the public in his hour of greatest need.

I desire to thank one and all for the interest and watchful care and protection you have given my husband, and your brother workman, and trust this loss may be the means of strengthening your local by putting a spirit of ambition in each one to work for the needs of one another in life, and bear the burdens of the sick, afflicted and sorrowing.

This great deed came as a surprise to me, as I could not see the great heart of love back of the movement, as I now have been brought to experience in reality.

For such protection I now believe every painter and paperhanger should co-operate in your organization, for in unity there is strength and failure in division.

Thank you for your floral emblem of love, which kept well enough for display and was at last laid on the grave.—Mrs. W. O. Hammaker.

JOIN THE GREAT PARADE

Every man and woman in the Glendale community who is ready to go on record as favoring California "dry" should join the great California dry parade which will form Monday at 6:30 p. m. at the corner of Glendale avenue and Broadway.

Accompanied by the band and the drum corps, the procession will march to Brand boulevard, and then the march will continue on Brand and conclude at the high school auditorium, where Dr. Matt Hughes will address a mass meeting on "California Dry."

California will make important history next Tuesday. What part will you take in making the history? Begin history making in Glendale Monday evening at 6:30 by participating in the great parade.

UNFAIR PROPOSITION

The city and county consolidation amendment, which will be voted on at the November election, provides that a city of more than 50,000 may annex a smaller town by a bare majority vote, instead of a two-thirds' vote as at present. It also provides that the smaller town must assume its proportionate share of the larger city's bonded debt. Every voter who has the interests of his home city at heart will vote NO on this amendment.

PERSONALS

Mrs. Wm. H. Sholes of 1514 West Broadway entertained Los Angeles guests on Thursday and Friday of this week.

Mrs. Chas. L. Peckham and family of 125 South Jackson street spent the day with her mother, Mrs. Chandler, of Tropico.

Miss Dorothy Wilkinson of Los Angeles is a week-end guest at the home of her cousins, Mr. and Mrs. H. W. Yarick, 1447 West Third street.

The friends of Mrs. Geo. Peters will learn with pleasure that on Sunday she will be moved from Dr. Thompson's Burbank sanitarium to her home at 1729 West Broadway, and is convalescing after a long and serious illness.

Between sixty and seventy seniors of the Glendale high school held a Hallowe'en party in the two large upstairs rooms of the new mechanical building. Jack o' lanterns and cornstocks were used for decorations, and the evening was passed in the usual contesting games. At a late hour refreshments were served in a true Hallowe'en style.

The philanthropic committee of the Tuesday Afternoon club met at the home of Mrs. L. W. Sinclair at 226 East First street on Friday afternoon. Mrs. Sinclair was elected as chairman of this section, Mrs. D. W. Hunt as secretary, and Mrs. P. S. McNutt as treasurer. This section will meet once a month with the different members.

Miss Dorothy Hunt and Miss Ruth Wilson, assisted by Miss Hunt's mother, Mrs. D. W. Hunt, and Mrs. Helen I. Campbell, acted as hostesses for the St. Mark's choir party at the home of Miss Hunt on last Thursday evening. The regular Hallowe'en scheme of decorating prevailed and a jolly evening was enjoyed by the sixty-four guests present. Miss Ethel Read won the ladies' prize and Mr. Freeman McG. Kelley that for the gentlemen, while Miss Clara Provolt was the one to be consoled.

PREVENT GREAT DAMAGE

According to reports received by District Forester Coert DuBois from all the national forests in California, the damage from forest fires in this state during the past season was held to $76,524. The records show that out of 1234 fires, 1024 were put out before they had reached 10 acres in size, and 662 were extinguished before they had burned an area of 100 feet square. Considering the fact that the national forests contain resources in timber alone which are worth more than $200,000,000, and that these resources were endangered by no less than 1234 fires, forest officers are congratulating themselves that the damage was comparatively slight.

In many cases fires were prevented from destroying valuable timber or improvements only by the most desperate resistance. The fire that occurred at the base of Mount Shasta in late July and threatened not only the national forest, but the towns near its border, is an example of enormous damage averted by hard work. The protection of thousands of dollars' worth of private property necessitated the building of back-fires which threatened to over-run the government timber. To control these back-fires, more men were required than had ever before been mobilized by the forest service in California, and the expense to the government was considerable. The fight was successful, however, and damage was almost entirely averted.

TROPICO

Neighbors in the immediate vicinity of the residence of Mr. and Mrs. W. J. Hibbert on Brand boulevard have been wondering what has caused Mr. Hibbert to appear on his housetop so often lately. This morning their curiosity was satisfied, for the morning light revealed two figures on the cone of the residence. A ghost surmounts the pinnacle, while near by a life-sized witch stands. Tonight these two figures will be illuminated and will present a most weird and grotesque appearance surmounting the cone of the residence.

The barn at the rear of the Van Hezelen residence on West Park avenue presented a very interesting sight last night, when Miss Adah Van Hazelen, assisted by her sister, Miss Mable Van Hazelen, and brother, George Van Hazelen, entertained with a Hallowe'en party. Cornstalks were arranged throughout the barn and from the rafters and sides of the interior of the building jack o' lanterns and Japanese lanterns were hung. The Hallowe'en colors were carried out in all of the decorations and in the dainty collation that was later served to the twenty guests who arrived from Los Angeles in the early evening, so as to afford them ample time to enjoy the delightful program which had been arranged by the Misses Van Hazelen and their brother.

A number of prominent citizens of this city attended the grand Republican rally that was held at Trinity auditorium Friday night, when Capt. John D. Fredericks gave one of his splendid addresses.

Mr. and Mrs. Dan Campbell, their house guest, Mrs. Joseph Marshall of Sacramento; Mrs. David H. Imler and Miss Cora Hickman, attended the past matrons' and patrons' association Thursday night in Los Angeles.

HOLD-UP AT EAGLE ROCK

A Frenchman, a Mexican and an American boarded an Eagle Rock car at the Plaza in Los Angeles Friday night and rode to the end of the line at Eagle Rock, where they forced the seven passengers and crew to give up their valuables at the point of a revolver. Two of the passengers jumped from the car and escaped in the darkness.

NORTH GLENDALE

Such a good time everybody had Friday evening at the Hallowe'en party given by the Young People's Epworth League of the Casa Verdugo M. E. church at Logan hall on North Central avenue. Booths prettily decorated with pepper boughs and beautiful chrysanthemums and lighted with grinning jack o' lanterns were arranged on either side of the hall and candy, popcorn and also home-made pumpkin pies were sold to the friends, each booth being presided over by two winsome young ladies whom none could resist. The lemonade was dispensed by an old maid, so the sign read, who was some sixteen years old. A fishpond was the children's attraction and how the fish did bite, each little fisher getting a pretty souvenir. Of course the witches and spooks were out and old mother witch was led a merry chase by the little folks. Mrs. R. D. Jones read a thrilling ghost story and Dr. Soper told several interesting stories very suitable to the occasion. The attendance was very gratifying to the young people, who worked so hard for the success of the evening. Eighteen dollars were made during the evening, which will be used toward an amount that was pledged for missionary purposes.

Messrs. Bruce Dourte, Vern Wyman and William Balthis of North Glendale are to be given credit for the making of the dozen or more pumpkin jack o' lanterns that decorated the auditorium Friday evening at the high school, where the A-9th class gave their Hallowe'en party. The boys worked hard to make jack look as spooky as possible, and according to reports succeeded.

Mr. and Mrs. A. B. Clements of 1321 North Pacific avenue entertained as their house guest during the past week Mr. Clements' sister, Mrs. W. S. Berry of Lindsay, Cal., who previous to coming to North Glendale spent some time with her sister, Mrs. Greer of San Bernardino, who accompanied her here and remained with the family over Sunday. Mrs. H. V. Caldwell, a niece of Mr. Clements, of Los Angeles, also joined the happy gathering and of course the occasion was a very delightful one.

Mrs. Alfred Hezmalhalch and son, Master Jack of Monrovia, who are former well-known residents of Glendale, were guests of Mrs. A. B. Clements of 1321 North Pacific avenue very recently.

Mr. and Mrs. Allan Fairchild of 1321 Arden avenue, with their friends, Mr. Ralph Newcomb and Mr. Worth Bancroft, formed a party who had dinner at Levy's last Thursday evening.

Mr. and Mrs. Carl B. Haig of 1008 San Rafael street were Los Angeles visitors Friday enjoying a downtown dinner and the theater later.

Mrs. G. W. Gregory of Los Angeles was the guest of Mrs. H. Bettis of 1610 Stocker street at dinner on Friday evening.

INTER-CITY COMMISSION RECOMMENDATIONS

San Gabriel Valley Organization Issues Report on Intricate and Important Amendments and Legislative Measures to be Voted on at November 3 Election and Makes Recommendations

Many who are appaled at the complicated nature of the ballot to be presented to the voters of California in November will be pleased to read the following recommendations presented by a committee of which Seward C. Simons of South Pasadena is secretary.

The San Gabriel Valley Inter-City Commission was formed for the purpose of co-operation between the different communities wherever a number of communities were affected. In view of the fact that a number of the measures coming up at the November election vitally affect the interests of smaller communities, this commission met and made a careful and impartial study of the measures and submit their recommendations.

The commission represents Pasadena, South Pasadena, Alhambra, Monrovia, San Gabriel and Lamanda Park. The report is signed by William Hazlett, Elwood J. Thorne, C. P. Dorland and Seward C. Simons.

—

NO. 1 ON THE BALLOT. "CALLING CONVENTION FOR REVISION OF CONSTITUTION." There is need for a new constitution, but the provisions of our present state constitution relating to the selection of delegates to a constitutional convention, which provide for the selection by partisan choice, might result in a very unsatisfactory convention and a partisan report and proposed constitution. VOTE "NO."

—

PROPOSITION NO. 12. "CONSTITUTIONAL CONVENTIONS," is a proposed amendment to the constitution providing that delegates to a constitutional convention shall be selected at a non-partisan primary election. This is designed to dispose of the objection to the method of selecting delegates to the constitutional convention which lie to the present method of selection, and therefore this provision should carry, and the vote should be "YES" upon proposition No. 12.

—

NO. 2. "PROHIBITION." This is a proposed amendment to the constitution prohibiting the manufacture, sale or giving away or the transportation within or into the state of intoxicating liquors, except for medicinal, scientific, mechanical or sacramental purposes. It permits any citizen to make complaint of known violations. The committee makes no recommendation in regard to this proposed amendment, for the reason that the resolution of the Inter-City Commission appointing the committee, expressly instructed it to make no recommendations on this subject. In justice to themselves, however, the members of the committee state that they personally favor the adoption of the amendment.

—

PROPOSITION NO. 39. "SUSPENSION OF PROHIBITION AMENDMENT," provides that in the event proposition No. 2 for prohibition shall carry, that its provisions shall not take effect regarding the sale of liquor in the state until February 15th, 1915, and as to shipping liquor out of the state not until January 1st, 1916. This gives those who have money invested, or who are engaged in the liquor business, time to withdraw, if proposition No. 2 carries, and enables those who are engaged in grape culture to dispose of this year's crop. VOTE "YES."

—

PROPOSITION NO. 47. "PROHIBITION ELECTIONS." This amendment is unfair and misleading. It provides (amongst other things) that the vote of any city or county, or district, upon the question of state prohibition shall determine whether that city or county or district shall be "wet" or "dry," within its own limits. It repeals existing laws regulating the liquor traffic. It also provides that if any political subdivision shall vote "wet," either on the prohibition amendment, or at any other election, no subsequent election upon the subject shall be held within eight years, while if it votes "dry," it shall be considered "non-licensed" territory, but this provision does not state that liquors shall not be sold in such "non-licensed" territory. Also it does not prohibit the question again being voted upon, in the latter circumstances, at ANY election, without waiting eight years. The proposed amendment is full of other "jokers" and evidently was not framed in good faith. VOTE "NO."

NO. 3. "EIGHT-HOUR LAW." While founded on a correct theory, this law is too broad in its application, and in its present form would seriously hamper some important industries and the labor connected therewith. VOTE "NO."

—

NO. 4. "ABATEMENT OF NUISANCES." This "red light abatement act" is moulded upon statutes of other states which have worked successfully. This act makes owners of the buildings and promoters of vice therein amenable to the law and not alone those caught in police raids. It permits any citizen to bring an action of injunction prohibiting the use of the building for such purposes and enjoining the owner and occupant from engaging in such business. VOTE "YES."

—

NO. 5. "INVESTMENT COMPANIES ACT." This act is designed to fill a pressing need for the proper control of corporations. While cumbersome in form, the committee believes that it should be adopted, and if, in its workings it is found that changes should be made, it may be amended by the legislature. VOTE "YES."

—

NO. 6. "WATER COMMISSION ACT." This creates a water commission with powers similar to those of the railroad commission and is designed to better protect the people in the appropriation, use and control of the waters of the state, and is a meritorious act. VOTE "YES."

—

NO. 7. "LOCAL TAXATION EXEMPTION." This is known as the "home rule in taxation" amendment, and would give any county, city or town power to exempt from taxation for local purposes improvements on or over land and any personal property except franchises. This would be an experiment in taxation. The majority of the committee recommends a favorable vote.

—

NO. 8. "EXEMPTING VESSELS FROM TAXATION." This is designed to encourage shipping on the high seas to and from our California ports and is a meritorious act. VOTE "YES."

—

NO. 9. "REGULATING INVESTMENT COMPANIES." This is a measure proposed by certain corporations and conflicts with, and would make ineffective proposition No. 5, recommended by the committee. VOTE "NO."

—

NO. 10. "ABOLITION OF POLL TAX." This measure proposes that no poll tax shall be collected. If adopted a large class of our people, including unnaturalized foreigners, will pay no taxes although receiving the benefits of our government. VOTE "NO."

—

NO. 11. "UNIVERSITY OF CALIFORNIA BUILDING BOND ACT." This provides for a state bond issue of $1,800,000 for the construction of buildings and adding to the beauty and efficiency of the state university plant at Berkeley. Our state university needs this money. VOTE "YES."

—

NO. 12. "CONSTITUTIONAL CONVENTIONS." Has been discussed in connection with proposition No. 1. VOTE "YES."

—

NO. 13. "QUALIFICATION OF VOTERS AT BOND ELECTIONS." This initiative proposition provides that no elector shall vote on the question of incurring bonded indebtedness UNLESS A TAXPAYER, and in theory, instead of being advanced legislation, in returning to the rule of property, this is retrogression to a system of government long since abandoned, and would be class legislation. It would disqualify from voting upon such questions at least 75% of women voters. VOTE "NO."

—

NO. 14. "VOTING BY ABSENT ELECTORS." This provides a method whereby those away from home on election day may vote and send their ballot by mail. It is dangerous in that it is not sufficiently safeguarded by restrictions. It would complicate the election machinery. VOTE "NO."

—

NO. 15. "DEPOSIT OF PUBLIC MONEYS." This measure proposes that bonds of SURETY COMPANIES may be put up as security for deposit of public moneys and changes the present law to that extent. There is no necessity for such act and it is unsafe. VOTE "NO."

—

NO. 16. "CONDEMNATION FOR PUBLIC PURPOSES." This measure, sometimes called "the excess condemnation amendment," enlarges the powers of the state or any county or municipality in condemning property for public purposes for future use. This is meritorious. VOTE "YES."

—

NO. 17. "EXPOSITION CONTRIBUTION BY ALAMEDA COUNTY." This proposed amendment will PERMIT Alameda county to vote bonds, payable by taxes and assessed in that county only, in aid of the San Francisco exposition. The state at large has no direct financial interest in this. VOTE "YES."

—

NO. 18. "NON-SALE OF GAME." This act throws greater protection about the game of the state and will prevent the slaughter of game for sale upon the markets. VOTE "YES."

—

NO. 19. "CONSOLIDATION OF CITY AND COUNTY, AND LIMITED ANNEXATION OF CONTIGUOUS TERRITORY." This amendment carries a fundamental change in the existing law of the state, in providing for the assumption of bonded indebtedness, in cases of annexation, by a simple majority vote at any election instead of a two-thirds vote, as now required. The existing safeguards are proper, and conform to the general practice elsewhere. Moreover, in the formation of a consolidated city and county government, the smaller cities or unincorporated territory proposed to be annexed, do not have a chance to vote directly and separately on whether they shall join the larger city; they have no voice in framing the charter by which they would be governed, and practically no say as to what district shall be added. The measure is full of danger to the "outside" communities. There are ample laws already covering annexation when both communities desire. The alleged economies which have been urged as the excuse for this measure can be and are being obtained under existing law without territorial change. There are a number of things which make this measure in the opinion of many unbiased business men undesirable for Los Angeles, as well as the smaller cities. VOTE "NO."

—

NO. 20. "PRIZE-FIGHTS." Prohibiting prize-fights, but permitting four-round amateur boxing exhibitions, unless prohibited by ordinance. This prohibits brutal prize-fights, but allows clean, fair sport. VOTE "YES."

—

NO. 21. "CITY AND COUNTY CONSOLIDATION AND ANNEXATION WITH CONSENT OF ANNEXED TERRITORY." This proposed amendment is almost identical with No. 19, and is equally vicious. VOTE "NO."

—

NO. 22. "LAND TITLE LAW." This proposed act, known as the "Torrens law," gives the owner of real estate the option of obtaining certificates of title through the present title company method, or of having his title registered by the county recorder and insured by the state. It is not compulsory. VOTE "YES."

NO. 23. "ELECTIONS BY PLURALITY, PREFERENTIAL VOTE, AND PRIMARY." The preferential ballot system has been tried out successfully in other places, and as this measure applies only to local nonpartisan elections, and is permissive, not compulsory, it seems to be meritorious. VOTE "YES."

—

NO. 24. "ASSEMBLY PAYROLL EXPENSES." There seems to be no pressing need for the spending of more money by the legislature or changing the present arrangements. VOTE "NO."

—

NO. 25. "ADOPTION AND AMENDMENT OF MUNICIPAL CHARTERS." This simplifies the procedure for the adoption of a freeholders' charter by a municipality. It permits the grant of general powers to any city of more than 3500 population. VOTE "YES."

—

NO. 26. "LEGISLATIVE CONTROL OF IRRIGATION, RECLAMATION AND DRAINAGE DISTRICTS." The legislature now has no right to supervise or control such districts. This would grant the legislature such right and would be an added protection to our citizens in such districts. VOTE "YES."

—

NO. 27. "COUNTY CHARTERS." This amendment facilitates the doing away with the duplication of certain city and county officials without territorial change. VOTE "YES."

—

NO. 28. "REGULATION OF PUBLIC UTILITIES." This changes the present law so that cities having once so voted lose control of their public utilities to the railroad commission and cannot regain this control. This might put the city at the mercy of a bad railroad commission without recourse. VOTE "NO."

—

NO. 29. "INCORPORATION OF MUNICIPALITIES." This proposed amendment is related to No. 27, affecting cities as that affects counties. It is in the interest of economy. VOTE "YES."

—

NO. 30. "IRRIGATION DISTRICTS CONTROLLING INTERNATIONAL WATER SYSTEMS." This amendment concerns Imperial valley and its gigantic irrigation system only. It seems to be a measure for protection and facilitates handling water and water rights in this valley. VOTE "YES."

—

NO. 31. "VALUATION OF CONDEMNED PUBLIC UTILITIES BY RAILROAD COMMISSION." This proposed amendment clarifies the existing law permitting cities to have their public utilities valued by the railroad commission in case of condemnation and when they so desire. VOTE "YES."

—

NO. 32. "ELECTION OF UNITED STATES SENATORS." If carried, makes possible the railroading of a good governor into another office, leaving a weak or bad lieutenant-governor in his place. VOTE "NO."

—

NO. 33. "PUBLIC UTILITIES IN MUNICIPALITIES." This act is designed to permit municipalities operating public utilities to extend their operations into other municipalities operating like utilities, and in competition with such other cities within their own boundaries. VOTE "NO."

—

NO. 34. "TAXATION OF PUBLIC PROPERTY." This provides for the taxation of lands held by municipalities outside of their boundaries. This is just. VOTE "YES."

—

NO. 35. "SACRAMENTO STATE BUILDING BONDS." This state needs adequate buildings in which to conduct its affairs. VOTE FOR THE BONDS.

—

NO. 36. "SAN FRANCISCO STATE BUILDING ACT." Our information is that the state does not need additional buildings in San Francisco. VOTE AGAINST THE BONDS.

NO. 37. "STATE FAIR GROUNDS BONDS." This is to provide for the issuance of state bonds, $750,000, for improvement of state fair grounds at Sacramento. Our information is that the amount of money asked for is excessive and the proposition should be voted down. VOTE AGAINST THE BONDS.

—

NO. 38. "LOS ANGELES STATE BUILDING BONDS." This act provides for the issuance of $1,250,000 of state bonds for erection and equipment of a state building in Los Angeles. This building is needed. VOTE FOR THE BONDS.

—

NO. 39. "SUSPENSION OF PROHIBITION AMENDMENT." This is discussed in connection with proposition No. 2. VOTE "YES."

—

NO. 40. "EXTRA SESSIONS OF DISTRICT COURTS OF APPEAL." This proposition is objectionable for the reason that anyone of five officials may call such extra sessions and there is no great need at this time therefor. VOTE "NO."

—

NO. 41. "MISCARRIAGE OF JUSTICE." This proposed amendment is designed to PREVENT reversals by the appellate courts in civil actions because of mere technicalities unless injustice has been done. This amendment is meritorious. VOTE "YES."

—

NO. 42. "PLACE OF PAYMENT OF BONDS AND INTEREST." This is designed to permit bonds to be made payable in foreign countries, thereby facilitating their sale. VOTE "YES."

—

NO. 43. "EXEMPTING EDUCATIONAL INSTITUTIONS FROM TAXATION." California is the only state which does not already do this. VOTE "YES."

—

NO. 44. "MINIMUM WAGE." Authorizes the legislature to provide for the establishment of minimum wage for women and children in order that a fair and living wage shall be paid to them when required to work for wages. This amendment contemplates the fixing of the minimum wage for different occupations by the state welfare commission. The proposition is meritorious. VOTE "YES."

—

NO. 45. "ONE DAY OF REST IN SEVEN." This is known as the "Sunday rest law" and carries so many exemptions as to render the law almost a farce. This appears to be class legislation. VOTE "NO."

—

NO. 46. "DRUGLESS PRACTICE." This initiative measure creates a state board of examiners for drugless physicians and fixes the qualifications for practice as such. The committee recognizes that the existing law is not in all respects equitable, but this proposed law would lower the standards for admission to the practice of medicine and while admitting some worthy practitioners, would open the door to quacks. VOTE "NO."

—

NO. 47. "PROHIBITION ELECTIONS." This initiative measure is discussed in connection with proposition No. 2. VOTE "NO."

—

NO. 48. "BONDS FOR IMPROVEMENT OF SAN FRANCISCO HARBOR." This measure provides for issuance and sale of state bonds for payment of indebtedness to be incurred by the board of state harbor commissioners for improvement of the harbor at San Francisco, in an amount not to exceed $10,000,000, the bonds and interest to be paid from the revenue derived from the harbor, but the credit of the state is pledged as security. This bond issue was asked for by the state harbor commission. The measure was referred to popular vote or the legislature. The improvement is needed. VOTE FOR BONDS.
